Make French Toast

- crack eggs into the bowl → 0.4 → add milk to the bowl
- crack eggs into the bowl → 0.275 → beat the wet ingredients together with a fork or whisk
- add milk to the bowl → 0.3 → add some vanilla extract
- add milk to the bowl → 0.35 / 0.25 → beat the wet ingredients together with a fork or whisk
- add some vanilla extract → 0.225 → beat the wet ingredients together with a fork or whisk
- beat the wet ingredients together with a fork or whisk → 0.275 → melt the butter in a cast iron pan
- beat the wet ingredients together with a fork or whisk → 0.375 → coat the bread with the wet mixture
- melt the butter in a cast iron pan → 0.425 / 0.325 → coat the bread with the wet mixture
- melt the butter in a cast iron pan → 0.325 → place the bread into the hot pan
- coat the bread with the wet mixture → 0.675 → place the bread into the hot pan
- place the bread into the hot pan → 0.95 → flip the bread in the pan
- flip the bread in the pan → 0.675 → remove the bread from the pan
- remove the bread from the pan → 0.25 / 0.55 → top the bread with a topping of your choice

Output Graph Script: *Make French Toast*

Make Strawberry Cake

- pour eggs into the mixing bowl → 0.3 → add sugar to the mixture
- pour eggs into the mixing bowl → 0.25 → whisk the mixture
- add sugar to the mixture → 0.525 / 0.3 → whisk the mixture
- add sugar to the mixture → 0.3 → add flour to the mixing bowl
- whisk the mixture → 0.275 → add flour to the mixing bowl
- add flour to the mixing bowl → 0.475 → put the dough into form
- put the dough into form → 0.275 → add the strawberries to the cake
- put the dough into form → 0.3 → cut the strawberries
- put the dough into form → 0.275 → spread the creme on top of the cake
- cut the strawberries → 0.325 → add the strawberries to the cake
- add the strawberries to the cake → 0.25 / 0.325 → spread the creme on top of the cake
